42/113. International campaign against drug abuse and illicit trafficking

The General Assembly,

Conscious of the adverse effects of the global problem of drug abuse, illicit production of and trafficking in drugs and psychotropic substances, both on individuals, in that it has pernicious physical and psychological effects and limits creativity and the full development of human potential, and in relation to States, as it is a threat to their security and is prejudicial to their democratic institutions and their economic, social, legal and cultural structures,

Considering that the situation continues to deteriorate, owing, *inter alia*, to the growing interrelationship between drug trafficking and transnational criminal organizations
