DO YOU...

care that the abuse, violence, and victimization of women and girls be documented as evidence of the need for rights, justice, and social change?

WOULD YOU...

like to have an impact on the rights and issues of women and girls all over the world?

WILL YOU...

help vitalize and promote the human rights of women and girls, amidst many challenges in our complex world, and including the importance of non-governmental and civil society voices, impact, and presence. "Dear WUNRN, I am Olga Grebbennikova from UNICEF Kyrgyzstan. Recently I got your presentation on forced early age marriage. Since the issue of bride kidnapping is very significant here in Kyrgyzstan, we decided to bring this issue to the Women's Club here. We will translate this WUNRN Power Point into Russian and show it, followed by discussion and plans for action. Currently, there are more than 2,000 members of the Kyrgyzstan Women's Club - both men and women, where influential politicians, academicians, artists, journalists, actors, musicians and international workers actively participate. So we want to bring the global problem and solutions to the audience and hope public debate would follow."

Thank you so much, Olga Grebennikova Communications Officer, UNICEF, Kyrgyzstan
